Dear Madam/Sir <<Last Name>>,

Introducing the Time Timer® WASH + Soap Dispenser

NEW

Time Timer® WASH + Soap Dispenser
30-second handwashing timer with
automatic, touchless soap dispenser

Are you washing your hands long enough? What about your students, coworkers, children? Being clean and safe has never been so important. The Time Timer® WASH + Soap Dispenser is a touchless, automatic soap dispenser integrated with a visual timer to ensure hands are being washed long enough to fulfill the WHO recommendation. The visual aspect of this timer helps all ages and abilities understand the duration and process of washing hands.

The timer can be initiated without touching by simply holding hand under spout. Soap (not included) automatically dispenses and the timer will begin the countdown. As the disk disappears, time elapses, encouraging scrubbing through the duration. The timing of the countdown allows for users to first wet their hands, then wash for the approved 20-seconds, then rinse. Music and sounds can be used to reinforce the steps or it can be used silently for sound sensitive environments. USB Rechargeable.

Available from May, 2022

Features:

- Hands-free activation
 - Highly visible LCD visual countdown.
 - Sound options include silent, beep, or Beep and Music together.
 - Liquid soap Reservoir holds 300 ml (not included)
 - See-through window for Soap Level
 - Rechargeable Lithium Battery - USB charging cable
-

After 6 years of employment, our colleague, Jolanda Arp, has found a new challenge elsewhere.

Her activities are followed by Armin Nieswand and Silvia Dits. You can reach Armin and Silvia on the trusted phone number: 31(0)181 479356
